

Exam : A2010-571

Title : Assess: IBM Tivoli Process  
Automation Engine V7.5  
Implementation

Version : Demo

1.Which statement is true about asynchronous data validation?

- A. Data in a field is immediately validated when a user moves off of the field.
- B. Background validation is required to be active when a screen reader is being used.
- C. To be used, asynchronous data validation must be enabled for all fields of an application.
- D. To enable asynchronous data validation for all applications, add the statement ASYNCHRONOUS = 'Y' to the PRESENTATIONXML file.

Answer: A

2.Where is Application Server security enabled?

- A. Security application
- B. Maximo.properties file
- C. Mxserver.properties file
- D. System Configuration application

Answer: B

3.How are the new settings for the log level refreshed and applied?

- A. Restart the Web server
- B. Log out completely and then log in again
- C. Log in as MAXADMIN and restart the log service
- D. Perform the Apply Settings action in the Logging application

Answer: D

4.What is a reason to use the Database Configuration application?

- A. It is used to invoke the integrity Checker application.
- B. It is used to view or change the current number of tax types that are used.
- C. The set of synonym values for a given attribute is constructed in the Database Configuration application.
- D. The Maximo security group required to access a given Maximo business object is configured using the Database Configuration application.

Answer: B

5.What is the main purpose of a cron task?

- A. To set up the workflow clock
- B. To run scheduled jobs or tasks
- C. To synchronize the scheduled jobs with the current job plans
- D. To synchronize the Currency application with the Exchange Ratio variable

Answer: B

6.What does the Reference Count field count in a conditional expression record?

- A. The number of conditional expressions used
- B. The number of versions for a specific expression
- C. The number of times the expression has been modified
- D. The number of times the condition is used throughout the system

Answer: D

7.What are acceptable variable types in condition expressions?

- A. Substitution and bind
- B. Substitution and fixed C.
- Replacement and bind D.
- Replacement and fixed

Answer: C

8.Which statement describes the usage of the Conditional Expression Manager?

- A. To set user database permissions
- B. To set organizational communication templates
- C. To set and control the generation of ad hoc reports
- D. To set and control access to fields, tabs, and applications

Answer: D

9.How are Tivoli process automation engine (Tpae) languages installed?

- A. Select languages during the Tpae installation
- B. Select languages during the maximo.ear build
- C. Select languages during the maximo.ear deployment
- D. Select languages during the Tpae language pack installation

Answer: A

10.A company set is required for setting up which data record?

- A. Vendors
- B. Companies
- C. Company Master
- D. Chart of Accounts

Answer: C

11.Where is the attached documents location defined when using IBM WebSphere Application Server and IBM HTTP Server?

- A. web.xml file
- B. httpd.conf file
- C. plugin.conf file
- D. application.xml file

Answer: B

12.Where can the mxs.db.fetchsize property be changed?

- A. Logging application
- B. Logging.properties file
- C. Mxserver.properties file
- D. System Properties application

Answer: D

13.Which statement is true about the Database Configuration application admin mode?

- A. Cron task processing continues.
- B. There is no need to shut down the admin server.
- C. Event listeners continue to receive events but go into buffer-only mode.
- D. Users with the admin security role can continue to access system applications.

Answer: B

14.Which field is a prerequisite before creating a new organization?

- A. Country
- B. Tax Code
- C. Description
- D. Currency Code

Answer: D

15.How are long running SQL statements monitored?

- A. Set the SQL logger to LOG and review the output in the log file
- B. Set the Root logger to DEBUG and review the output in the log file
- C. Set the mx.e.db.logSQLTimeLimit properties and review the output in the log file
- D. Set the mx.e.db.fetchResultLogLimit properties and review the output in the log file

Answer: C

16.What are three performance related properties? (Choose three.)

- A. mx.e.mbocount
- B. mx.e.db.SQLlog
- C. mx.e.db.mboobject
- D. mx.e.db.logResultSet
- E. mx.e.db.logSQLTimeLimit
- F. mx.e.db.fetchResultLogLimit

Answer: A,E,F

17.What task must be performed as part of initial data entry?

- A. Create Tool
- B. Create Craft
- C. Create Order
- D. Create Organization

Answer: A

18.Which two properties must be set for attached documents? (Choose two.)

- A. mx.e.doclink.path01
- B. mx.e.doclink.filetype
- C. mx.e.doclink.appserver
- D. mx.e.doclink.doctypes.html
- E. mx.e.doclink.doctypes.defpath

Answer: A,E

19. Which statement is true about appenders?

- A. Logging requests can be sent to multiple destinations.
- B. Logging requests cannot be sent to multiple destinations.
- C. Appenders can only be created by inserting their name into the log.properties file.
- D. Appenders cannot be deleted because they are managed by Tivoli process automation engine V7.5.

Answer: A

20. How can database performance be improved?

- A. turn off all cron tasks
- B. add triggers to support user queries
- C. add indexes to support user queries
- D. configure the database to allow nulls in all columns

Answer: C

# Trying our product !

- ★ **100%** Guaranteed Success
- ★ **100%** Money Back Guarantee
- ★ **365 Days** Free Update
- ★ **Instant Download** After Purchase
- ★ **24x7** Customer Support
- ★ Average **99.9%** Success Rate
- ★ More than **69,000** Satisfied Customers Worldwide
- ★ Multi-Platform capabilities - **Windows, Mac, Android, iPhone, iPod, iPad, Kindle**

## Need Help

Please provide as much detail as possible so we can best assist you.

To update a previously submitted ticket:

 <b>One Year Free Update</b> <p>Free update is available within One Year after your purchase. After One Year, you will get 50% discounts for updating. And we are proud to boast a 24/7 efficient Customer Support system via Email.</p>	 <b>Money Back Guarantee</b> <p>To ensure that you are spending on quality products, we provide 100% money back guarantee for 30 days from the date of purchase.</p>	 <b>Security &amp; Privacy</b> <p>We respect customer privacy. We use McAfee's security service to provide you with utmost security for your personal information &amp; peace of mind.</p>
