

Exam : C2140-637

Title : rational-requirements  
management with use  
cases-part2

Version : DEMO

1. Given: Consider the following set of initial user requests from a telephone company about a new customer service system: \* The telephone company customer service system shall be able to record and answer questions about telephone installations. \* When a customer requests a new telephone, the service representative shall record the customer's name, address, assigned phone installer, and a projected time of the installation. \* At the end of each day, the technicians shall record their work. \* Start time shall include the year, month, day, hour, and minute. What is the most appropriate classification name for one of the actors in these system requirements?

- A. User
- B. Calendar
- C. Customer
- D. Installer

Correct: D

2. What type of relationship exists between use cases and actors?

- A. Arrow association
- B. Extends association
- C. Communicates association
- D. Generalization association

Correct: C

3. What does the basic flow of events in a use case describe?

- A. Typical use of the system by its actors
- B. Interactions between the use case and other use cases
- C. Least complicated interactions between the system and the actors
- D. Choices an actor makes while interacting with the system

Correct: A

4. Which of the following are properties of a use case? (Select all that apply.)

- A. Name
- B. Design constraints
- C. Special requirements
- D. Supplementary specifications
- E. Flow of events
- F. Preconditions

Correct: A C E F

5. What does a use-case diagram show?

- A. Software requirements
- B. Flow of events
- C. User interface screen layouts
- D. What the system is supposed to do

Correct: D

6. What does a supplementary specification include?

- A. Non-functional requirements associated with the entire system
- B. Non-functional requirements associated with a particular use case
- C. <> and <> relationships associated with a particular use case
- D. Use-case diagram for the entire system

Correct: A

7.What question helps identify the actors in software requirements?

- A.Who will be using the system?
- B.What subsystems will be in the system?
- C.Who will be paying for the system?
- D.Who will be designing the system?

Correct:A

8.What question identifies use cases in software requirements?

- A.What goal will actors achieve by using the system?
- B.What do users need to know when they use the system?
- C.Why is data being stored in the system?
- D.What subsystems are in the software?

Correct:A

9.What is an actor?

- A.Role a tester plays when testing the system
- B.Role a person or thing plays when interacting with the system
- C.Anyone who has a vested interest in the outcome of the system
- D.Anyone who will purchase the system

Correct:B

10.Which of the following may result from a functional decomposition of use cases? (Select all that apply.)

- A.Requirements become fragmented and lose their context
- B.Brief descriptions are very long
- C.Requirements become untestable
- D.Use cases do not achieve clear goals for the actors

Correct:A D

11.The top 20% of root causes are problems that need to be solved. Where are these root causes captured?

- A.Business model
- B.Problem statement
- C.Pareto principle
- D.Problem analysis roadmap

Correct:B

12.Which statements are TRUE regarding a use case? (Select all that apply.)

- A.A use case describes actions the system takes to deliver something of value to the actor.
- B.A use case is an isolated part that provides a piece of functionality for the system to be built.
- C.A use case models a dialog between the system and its surroundings.
- D.A use case contains functional software requirements.

Correct:A C D

13.Refer to the exhibit below. Which actors can interact with the "Distribute News" use case? (Select all that apply.)

- A.Broker
- B.Market trading system
- C.Trading customer
- D.News system

E.Scheduler

Correct:C D E

14.A use-case model is mostly text.

A.True

B.False

Correct:A

15.What is a scenario?

A.A specific dialog that can occur between the system and a particular actor

B.A set of possible dialogs that can occur between the system and one or more actors

C.An ordered set of flows from the start of the use case to one of its end points

D.A description of the path the user takes through the use case and the data that is exchanged

Correct:C

16.What is a use-case outline?

A.First draft of the flow of events in a use case

B.Detailed relationship between each actor and a use case

C.Preliminary list of use cases in the use-case model

D.List of properties in a use-case report

Correct:A

17.During what Rational Unified Process (RUP) activity is a use-case outline created?

A."Prioritize Use Cases"

B."Find Actors and Use Cases"

C."Detail a Use Case"

D."Develop Vision"

Correct:B

18.Which of the following are appropriate reasons for including an alternative flow of events in a use case? (Select all that apply.)

A.Actor must have previous information before the use case can begin

B.Actor requires 99.9% reliability

C.Actor has several ways to accomplish a goal within the system

D.Actor can stop the use case at any time

Correct:C D

19.What characterizes a generic alternative flow of events?

A.Is part of all scenarios

B.Handles several different error conditions

C.Is part of several different use cases

D.Applies at any point in a use case

Correct:D

20.What does a post-condition describe?

A.Last step in the basic flow of events

B.One way that a use case can end

C.Last non-functional requirement

D.State of the system after the use case ends

Correct:D

# Trying our product !

- ★ **100%** Guaranteed Success
- ★ **100%** Money Back Guarantee
- ★ **365 Days** Free Update
- ★ **Instant Download** After Purchase
- ★ **24x7** Customer Support
- ★ Average **99.9%** Success Rate
- ★ More than **69,000** Satisfied Customers Worldwide
- ★ Multi-Platform capabilities - **Windows, Mac, Android, iPhone, iPod, iPad, Kindle**

## Need Help

Please provide as much detail as possible so we can best assist you.

To update a previously submitted ticket:

 <b>One Year Free Update</b> <p>Free update is available within One Year after your purchase. After One Year, you will get 50% discounts for updating. And we are proud to boast a 24/7 efficient Customer Support system via Email.</p>	 <b>Money Back Guarantee</b> <p>To ensure that you are spending on quality products, we provide 100% money back guarantee for 30 days from the date of purchase.</p>	 <b>Security &amp; Privacy</b> <p>We respect customer privacy. We use McAfee's security service to provide you with utmost security for your personal information &amp; peace of mind.</p>
